## 1. Definition and goals

The European Biocidal Products Regulation No. 528/2012 (Article 19) prohibits the making available on the market for use by the general public of biocidal products posing a high health risk (toxic, carcinogen, mutagen, ... or corrosive).

Those products can only be used safely provided that the user wears the required personal protective equipment and he/she has the necessary knowledge of handling, removal, ... If necessary, professional training could be legally imposed in the future.

The closed circuit is the result of the practical implementation of this regulation at Belgian level and the registration system allows the public authorities to guarantee and make sure that biocidal products of the closed circuit are not freely available on the Belgian market.

Some handy tips about using this application:

- This application uploads data online. Use your password and account safely.
- Avoid using the 'go back' button. Navigation buttons will allow you to change screens.
- The application should be closed by closing the browser (cross in the right upper corner). Bear this in mind.
- Any comments with regard to the manual or questions about the application can be sent to the following address: [info.biocides@environment.belgium.be](mailto:info.biocides@environment.belgium.be).
- The application will be subject to modifications in the future. Those will be integrated in a new version of the manual as soon as possible. The Federal Public Service of Health, Food Chain Safety and Environment accepts no responsibility for any errors in this manual.

## 2. Logging in

All users who wish to log in to the Biocides Closed Circuit web application first need to create an account specified by an email address and a password.

All enterprises that wish to use the Biocides Closed Circuit application first need to create a 'Local Admin' Account. For information security reasons, this will first be validated by the Federal Public Service (FPS) of Health, Food Chain Safety and Environment.

The 'Local Admin' Account is the administrator for the enterprise: he/she can add and/or remove other users of the enterprise.

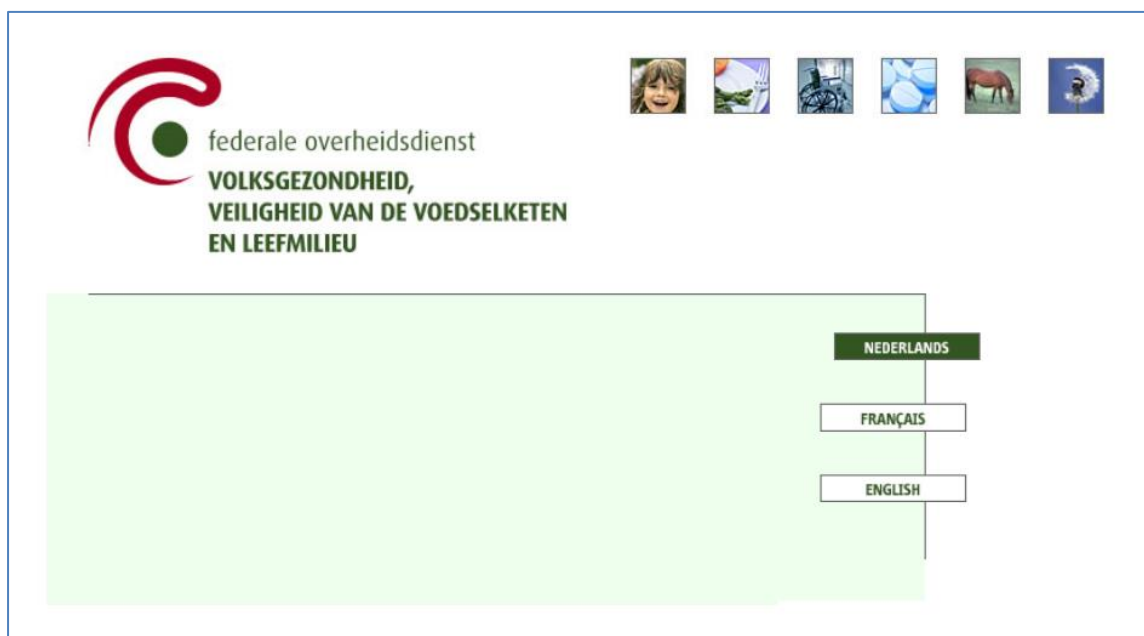

In order to have access to the application, every user should follow the following steps:

1. The user has to create a personal account.
2. The 'Local Admin' has to link this personal account to an enterprise. One person can be linked to several enterprises.
3. In order to have access to the Front Office of the Biocides Closed Circuit web application, the Federal Public Service of Health, Food Chain Safety and Environment validates the link between the personal account and the enterprise(s) the person wishes to be linked to.

### 2.1. Creating a personal account

You can create a personal account at the following [URL: \.](#)

The following screen will be displayed:

Select your language code. Another screen will be displayed:

## Welkom op het registratiescherm van de FOD

Om te registreren moet uw e-mailadres doorgeven, dat e-mailadres moet geldig zijn om de toegangen tot de toepassingen te verkrijgen.  
Het paswoord moet minstens 7 karakters lang zijn en ten minste één cijfer, één hoofdletter en één kleine letter bevatten.

**Naam**

**Voornaam**

**E-mail**

**Taal**

**Paswoord**

**Bevestig paswoord**

Fill in your personal data. Click on the 'Registration' button.

A new screen will be displayed:

De gebruiker wilfried.van.halewyck@live.com is geregistreerd in ons systeem.

Choose a password containing both (lower-case and upper-case) letters and numbers and consisting of at least 7 characters.

You will receive a confirmation email:

Van: [noreply@health.fgov.be](mailto:noreply@health.fgov.be)  
 Aan: "wilfried van halewyck" <[wilfried.van.halewyck@telenet.be](mailto:wilfried.van.halewyck@telenet.be)>  
 Verzonden: Dinsdag 15 september 2015 14:51:50  
 Onderwerp: Registration at [www.health.belgium.be](http://www.health.belgium.be)

Thank you for your registration on [www.health.belgium.be](http://www.health.belgium.be).

Your account has been created and has to be linked to an organization before you can use it.

If you are local admin, please contact the FPS Public Health with the designated form on the website.  
 Other users should contact their local admin.

Once you have received acces, you can login on [www.health.belgium.be](http://www.health.belgium.be) using the following information:

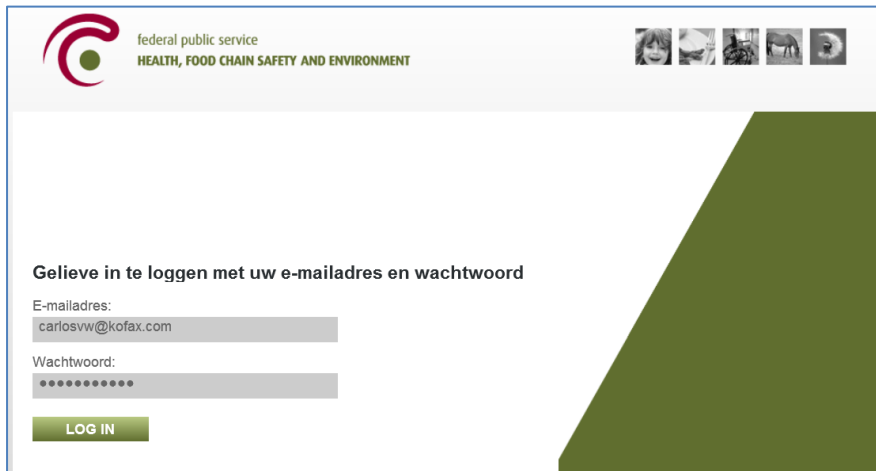

- E-mail: [wilfried.van.halewyck@telenet.be](mailto:wilfried.van.halewyck@telenet.be)
- Password:

Kind regards,  
 The administrator

## 2.2. Linking your personal account to an enterprise

You can link your personal account to an enterprise at the following [URL: \](#).  
You will need your email address and password to do so.

On your first login (based on your email address and password), you have to link your personal account to an enterprise.

### 1. Linking your account to a Belgian enterprise

You can link your account to a Belgian enterprise by using its CBE number.

Click on the 'Search' button to import your CBE number.  
For a Belgian enterprise: select 'Belgian':

Select enterprise

☒ Belgian ☐ Foreign

CBE number \* 828.710.392

Search Clear

Name	CBE number	Address	Country
No records found.			

Ok Cancel

The search result will be displayed and you can select the enterprise from the list (line turns yellow). Then click on the 'OK' button.

Select enterprise

☒ Belgian ☐ Foreign

CBE number \* 828.710.392

Search Clear

Name	CBE number	Address	Country
	828710392	Dorpsstraat 61 3730 Hoeselt	BE

Ok Cancel

Next time, you will be automatically directed to the application as long as your email address is linked to only one enterprise:

federal public service  
HEALTH, FOOD CHAIN SAFETY AND ENVIRONMENT

dev - 0.9.1-SNAPSHOT (15-09-2015 11:17)  
AVEVE HOESELT

Menu

Request an access  
Admin Cba application

Warning : You don't have any enterprise contact email ! Please fill in a contact email.

Registration periods

- Quarter 1 : You still have 0 day(s) to register the volumes for this quarter
- Quarter 2 : You still have 0 day(s) to register the volumes for this quarter
- Quarter 3 : You still have 32 day(s) to register the volumes for this quarter

## 2. Linking your account to a foreign enterprise

In order to do so, we will not import a CBE number but we will check whether the enterprise is already known by entering the first characters of the enterprise and clicking on the 'Search' button.

Select enterprise

☐ Belgian
 ☒ Foreign

Enterprise name \* bioc

Name	CBE number	Address	Country
ARCH UK BIOCIDES LTD.		Wheldon Road 0 WF10 2JT Castleford	GB
BIOCIDE222		dggddfgb dc 11 1000 fsqfsqfs	AD
BIOCIDE3		fsqf 11 1 fsqfsqfs	AS
BIOCIDE4		wmu street gddg 1000 gddg	AD
TEST NTE BIOCID		aaaaaaa 11 1000 Bxl	AD

Select the correct enterprise (line turns yellow):

Select enterprise

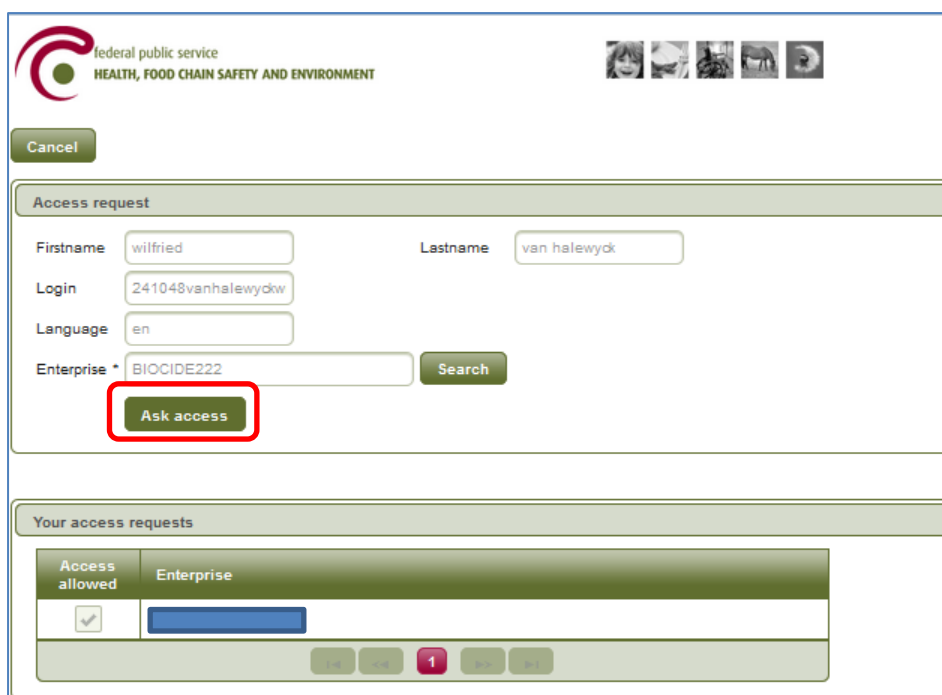

☐ Belgian
 ☒ Foreign

Enterprise name \* bioc

Name	CBE number	Address	Country
ARCH UK BIOCIDES LTD.		Wheldon Road 0 WF10 2JT Castleford	GB

### 3. And then?

You can link your account to several enterprises. You can do so by repeating the steps described above. The Federal Public Service of Health, Food Chain Safety and Environment examines the request to link a personal account to an enterprise. If needed, the necessary documents will be asked for validation. As long as the Federal Public Service of Health, Food Chain Safety and Environment has not approved the request, your request will not be checked off and you will not be able to enter data for this enterprise.

### 2.3. Approval of the 'Local Admin' account by the FPS of Health, Food Chain Safety and Environment

First, the Back Office of the FPS of Health, Food Chain Safety and Environment has to give you access to the Front Office of the Biocides Closed Circuit application.

Give access Cancel

Pending access requests

	Lastname	Firstname	e-mail	Language	Enterprise
<input type="checkbox"/>	van halewyck	wilfried	wilfried.van.halewyck@telenet.be	en	BIOCIDE222

1

Once access to the application has been approved, you will receive confirmation by email:

**From:** info.biocides@environment.belgium.be  
**Subject:** Access confirmation EN  
**Date:** Tue, 29 Sep 2015 16:05:19 +0200 (CEST)

text body EN

Beste gebruiker,

de dienst MRB Biociden van de FOD VVVL heeft uw aanvraag tot het gebruik van de applicatie goedgekeurd.

Je kan vanaf nu je transacties inbrengen per trimester.

MvG.  
 Verantwoordelijke X

PS: this is a random example.

## 2.4. Logging in to the Biocides Closed Circuit with the 'Local Admin' account

You have access to the Biocides Closed Circuit now. You have access through the following link: [URL](#).

If you manage accounts for several enterprises, you need to select the right enterprise when logging in.

Select Organization V 2.0 : 20150904 1346

---

Welkom wilfried van halewyck (241048vanhalewyckwilfried)

---

Gelieve de organisatie te kiezen voor dewelke u de applicatie(s) wilt gebruiken.

973	BIOCIDE222

**Kies deze organisatie**

## 2.5. Creating other user accounts / users for an enterprise

Now you can enter all registrations for your enterprise(s). If you wish to share tasks with fellow workers, you can create extra users. You manage this independently as 'Local Admin', without intervention of the FPS of Health, Food Chain Safety and Environment.

**federal public service**  
**HEALTH, FOOD CHAIN SAFETY AND ENVIRONMENT**

Menu

- ▶ Product info
- ▶ Transactions
- ▶ Account
- ▼ Access request

Request an access

Admin Org application

The Access Request menu allows you to:

1. know the status with regard to requests for your account
2. give access to other users through this 'Local Admin' account. You can do so by following two steps:
  - 2.1. by giving third users access to the user management system of the FPS of Health, Food Chain Safety and Environment
  - 2.2. by linking those third users to the Biocides Closed Circuit application.

<div style="display: flex; justify-content: space-between;"> <span>Add User</span> <span>Back</span> </div>		

Admin Organization		V 2.0 : 20150904 1345	ACCEPTANCE
<div style="background-color: #4f81bd; color: white; padding: 5px; display: inline-block;">User management</div> Confirm the addition of a user			
<div style="display: flex; align-items: center; justify-content: center;"> <div style="color: green; font-size: 2em; margin-right: 10px;">✓</div> <div> <p>van halewyck seppe</p> <p>The data for this user have been added.</p> </div> </div>			
<div style="display: flex; justify-content: center;"> <span>Back</span> </div>			

You have now given a colleague access to the User Management system of the FPS of Health, Food Chain Safety and Environment. Both the 'Local Admin' and the FPS of Health, Food Chain Safety and Environment will receive confirmation by email:

But this is not enough. You also need to grant rights to the users you have added.

## 2.6. Granting rights to other user accounts for the Biocides Closed Circuit application

Select a user (to whom you want to give access) from the list.

Click on the 'Access Management' button in order to link the user to the right application.

Admin Organization V 2.0 : 20150904 1345 ACCEPTANCE

☒ BIOCIDE\_FRONT\_OFFICE Beheer van de rollen

Valideren Terug

You have now given a colleague access to the 'Biocides Front Office' application. This colleague as well as the 'Local Admin' will receive an email to inform them about this.

#### Note:

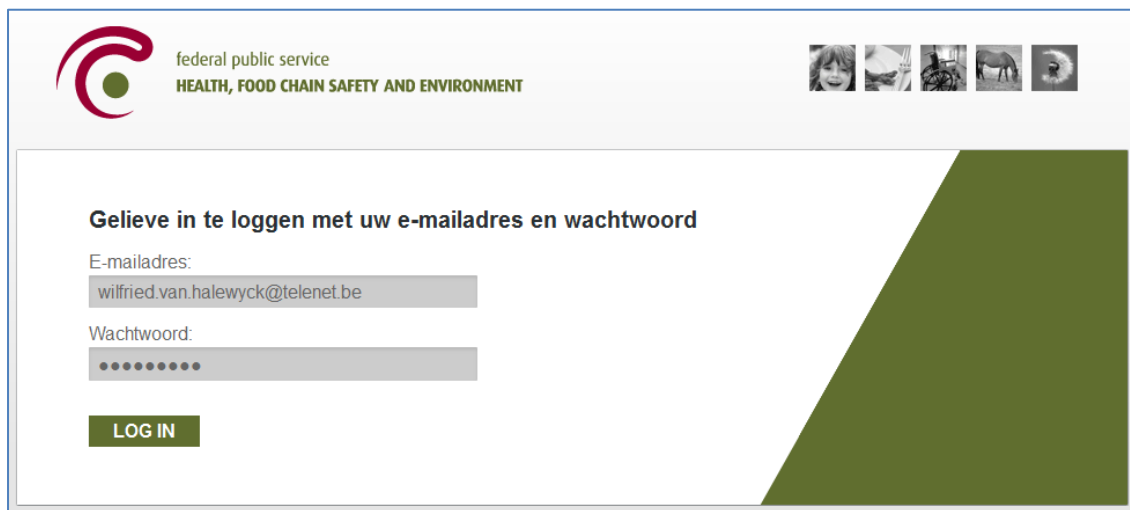

You can also withdraw the access granted to the Biocides Closed Circuit application. The person involved as well as the local administrator will receive an email to inform them about this.

### 3. Management of enterprise data in the Biocides Closed Circuit application

Enter the following URL: <https://> and log in to the system with your account by filling in your email address and password. Then click on the 'Log In' button.

If you are linked to several organisations, an extra screen will be displayed and you will be asked to select the right organisation:

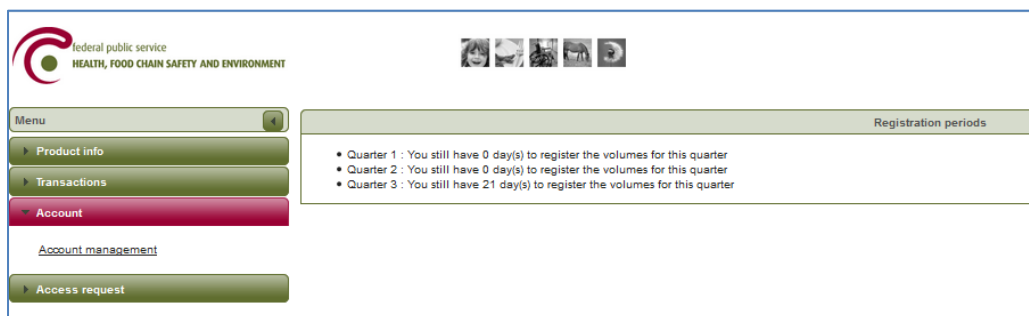

Id	Naam
3262	BIOCIDE222
973	BIOCIDE222

#### 3.1 Account data

Select the 'Account' menu.

This allows you to consult your enterprise data and to create contacts for the BCC application.

For Belgian enterprises, the following screen will be displayed:

The screenshot shows a web application interface for the 'federal public service HEALTH, FOOD CHAIN SAFETY AND ENVIRONMENT'. The 'Enterprise' form is displayed, with fields for various enterprise details. A red box highlights the 'Contact email' field and the 'Enterprise types' section, which includes checkboxes for 'Authorization Holder', 'Civilian', 'Professional user', and 'Trader'. A blue arrow points to the 'Contact email' field.

The application copies the data from the Crossroads Bank for Enterprises (CBE). Those data are managed by the FPS for Economy and cannot be modified through this application.

For Belgian enterprises, however, contact details can be entered.

Especially the 'Email contact' field needs to be completed, in order to receive automatic mails from the application.

Next, you need to indicate what type of enterprise you represent:

- Authorization Holder
- **Civilian: citizen** (not applicable yet)
- Professional User
- Trader: dealer in biocidal products

One and the same enterprise can be both Authorization Holder and Trader and/or Professional User.

This determines what kind of transaction you can enter in the application.

For foreign enterprises, there are no data available in the CBE, so the address details as well as the modifications need to be entered here.

The 'Get address information from enterprise' button allows you to copy the address details of the enterprise.

## 4. Biocidal products

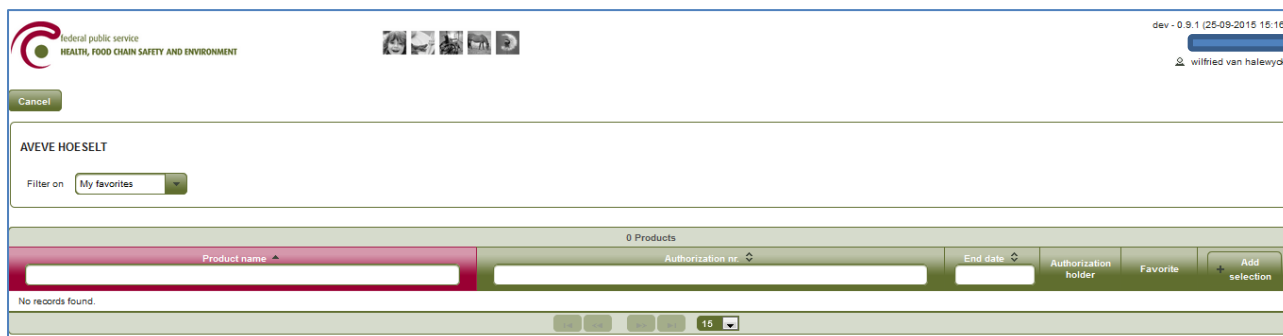

When you sell, buy or use a biocidal product of the closed circuit, you are obliged to register this in the online registration system. The seller should also inform the user about specific obligations regarding those biocidal products. Up until now, approximately 475 biocidal products have been included in the closed circuit. The use of "favourites" allows you to upload sales, purchases and uses manually but also makes it easier to display the information about PPE, training, storage and transport.

Click on the 'Product info' menu to open the 'Biocides' item:

### 4.1 Information about biocidal products

Initially, no favourite biocidal products are indicated and every enterprise needs to indicate its own favourites. In order to enter transactions of biocidal products, you can restrict the list of biocidal products (approx. 475) to your own limited list of biocidal products.

Select 'All products':

You can select the biocidal product(s) by filling in (part of) the name of the biocidal product(s) in the column header of the 'Product Name' column.

Please check user manual in case of questions on how to fill in data (on start screen).

If you have questions concerning a missing product or a missing enterprise or wrong information on the screen, please send a mail to [info.biocides@environment.belgium.be](mailto:info.biocides@environment.belgium.be)

You can also consult the authorisation certificate of the biocidal product directly.

## 5. Transactions

### 5.1 Introduction

You can enter 3 types of transactions.

Sale	Sale of biocidal products <ul style="list-style-type: none"> <li>• Domestic sale</li> <li>• Export</li> </ul>
Purchase	Purchase of biocidal products <ul style="list-style-type: none"> <li>• Domestic purchase</li> <li>• Import</li> </ul>
Use	Use of biocidal products

**A registered seller** must report both sales and purchases at least every quarter. Exports do not have to be registered but their registration does give a more complete picture of the market flows. Moreover, this may simplify the reporting procedure for some sellers.

Imports do have to be registered on a compulsory basis as the products are placed on the Belgian market.

In theory, if all traders report their transactions correctly, the quantities of purchased biocidal products should be equal to the quantities of sold biocidal products for one quarter.

**A registered user** has to report his purchases and uses at least once a year. Imports have to be registered on a compulsory basis. In theory, if all traders and users report their transactions correctly, the quantities of purchased biocidal products should be equal to the quantities of biocidal products that are sold and imported in our country for one quarter.

The quantities can be uploaded separately (line by line) or in bulk (or you can opt for a combination of both). Up until now, only transactions to domestic enterprises can be included in a bulk upload. Remarks on the bulk upload

	A bulk upload can be done per type of transaction. The sale, purchase and use details should be saved in a separate file. Imports and exports cannot be registered by a bulk upload yet. This will probably be possible as from 2016.
---	--

For each quarter, a number of dates are kept:

2015	Start	End	Button	BATCH JOB REMINDER	Status	Register until	BATCH JOB	Validate until	BATCH JOB

20	6184B	SAL	544876714			1,2	KG	Q1

Name of the Sheet = SAL

The biocidal products are defined by their authorisation number.

The CBE number has no full stops nor a leading zero!

The last sheet of the Excel file is also necessary.

Name of the Sheet = codes

You need this worksheet because it contains some references you will need in order to do the upload. It contains the units (which have to be entered in CAPITALS).

	A	B	C
1	Product Units	Transaction type SAL	Transaction type EXP
2	KG	SAL	EXP
3	L		

It can take a while until the upload is finished. The progress bar shows the upload progress:

If incorrect data are entered in the Excel file, an error message will be displayed:

Il y a eu un problème pendant le téléchargement, veuillez corriger le fichier Excel et essayer à nouveau.

Cellule «Sale!C2»: «CBE\_NUMBER» est trop long. La taille maximale est «9».

Cellule «Sale!B3»: «TRANSACTION\_TYPE» cette valeur n'est pas correcte. Les valeurs acceptées sont «[SAL]».

Cellule «Sale!D4»: «INVOICE\_DATE» le type de la cellule n'est pas correct. La cellule doit être de type «DATE».

**Sold quantities - AVEVE HOESEL**

You still have 20 day(s) days to register the volumes for this quarter

Period: 2015 - Quarter 3

Register until: 20/10/2015

Validate until: 15/11/2015

Simulate todayDate: 29/09/2015

[Download sample excel file](#)

[Select a file with transactions](#) [Upload](#) [Cancel](#)

The logging allows you to see all errors per cell:

Error for cell 'Sale!C2': 'CBE\_NUMBER' is too long (CBE number 123.456.789 containing full stops is considered as incorrect).

Error for cell 'Sale!B3': 'Transaction Type' has a wrong value (Transaction Type XXX is considered to be incorrect).

Error for cell 'Sale!D4': 'Invoice Date' contains an incorrect date (10/13/2015 is incorrect).

Authorization number	Transaction type	CBE number	Invoice date	Invoice reference	Product quantity	Product unit	Comments
12006B	SAL	123.456.789	27/06/2015	6161651	444,12	kg	Test wvk 1
610B	XXX	716292441	17/03/2015	3455345	99	kg	Test wvk 2
9107B	SAL	717115654	10/13/2015	358798	111	kg	Test wvk 3
13906BZZ	SAL	765121944	30/03/2015	65465	11	l	Test wvk 4
8406B	SAL	806026052	09/06/2015	65746766	1111	kg	Test wvk 5

As long as there are errors, the data are not uploaded. So please, correct all data first.  
In the beginning, it can take a while to upload large volumes of data.

If no errors are found, a new screen showing the uploaded transactions will be displayed:

PUR IMP codes

Name of the Sheet = PUR

The biocidal products are defined by their authorisation number.

The CBE number has no full stops nor a leading zero!

The last sheet of the Excel file is also necessary.

Name of the Sheet = codes

You need this worksheet because it contains some references you will need in order to do the upload. It contains the units (which have to be entered in CAPITALS).

	A	B	C
1	Product Units	Transaction type PUR	Transaction type IMP
2	KG	PUR	IMP
3	L		

## 5.4 USE

You can enter use transactions in the same way as you enter sales or purchase transactions. The procedure is described in the previous sections.

There is one slight difference, though: the CBE number does not have to be filled in.

The **transaction type** = USE.

The Excel file should be as follows:

1	Authorization number	Transaction type	Invoice date	Invoice reference	Product quantity	Product unit	Comments
2	12006B	USE	01/11/2015	12345	444,12	KG	Q4
3	610B	USE	02/11/2015	6161651	0	KG	Q4
4	9107B	USE	03/11/2015	3455345	0	KG	Q4
5	13906B	USE	04/11/2015	358798	0	KG	Q4
6	8406B	USE	05/11/2015	65465	0	L	Q4
7	NOTIF123	USE	06/11/2015	65746766	-2	KG	Q4
8	3505B	USE	07/11/2015	12345	-6	KG	Q4
9	2114B	USE	08/11/2015	VEN/52222	21	KG	Q4
10	2112B	USE	09/11/2015	1256.5	453	KG	Q4
11	5506B	USE	10/11/2015	6516	10	KG	Q4
12	7608B	USE	11/11/2015	646464	5989	KG	Q4

Name of the Sheet = USE

The biocidal products are defined by their authorisation number.

The last sheet of the Excel file is also necessary.

Name of the Sheet = codes

You need this worksheet because it contains some references you will need in order to do the upload. It contains the units (which have to be entered in CAPITALS).

1	Product Units	Transaction type use
2	KG	USE
3	L	

This will give the following result once the upload has been done:

**Used Quantities - BIOCIDE222 (Authorization Holder)**

You still have 21 day(s) days to register the volumes for this quarter

Period: **2015 - Quarter 3**

Register until : 20/10/2015  
 Validate until : 15/11/2015  
 Simulate todayDate: 28/09/2015
